A CALL FOR ARTISTS.....

“**Movement UK** “ is a collaborative group of emerging artists working in various mediums, throughout the U.K. The concept is about networking, inspiring, making friends and maintaining your interest as well as the public's interest in art.

“**Movement UK**” currently has set up four shows during 2009-10 which require more photographers, painters and sculptors. The theme of these shows is “inspirations” and they're keen to hear from emerging to mid-career artists. If you would like to meet more artists with common interests and join a thriving network, this is your chance. Please email them at : movementuk@yahoo.com and they'll send you an application form.
