Exhibition catalogue for Oxfordshire Artweeks 2023

“Hello and welcome to my catalogue for Oxfordshire Artweeks 2023.

My studio is open for you to visit on the 8th, 13th/14th and 20th/21st May

12 until 5 pm

– although you are welcome to make an appointment to visit another time if you like.

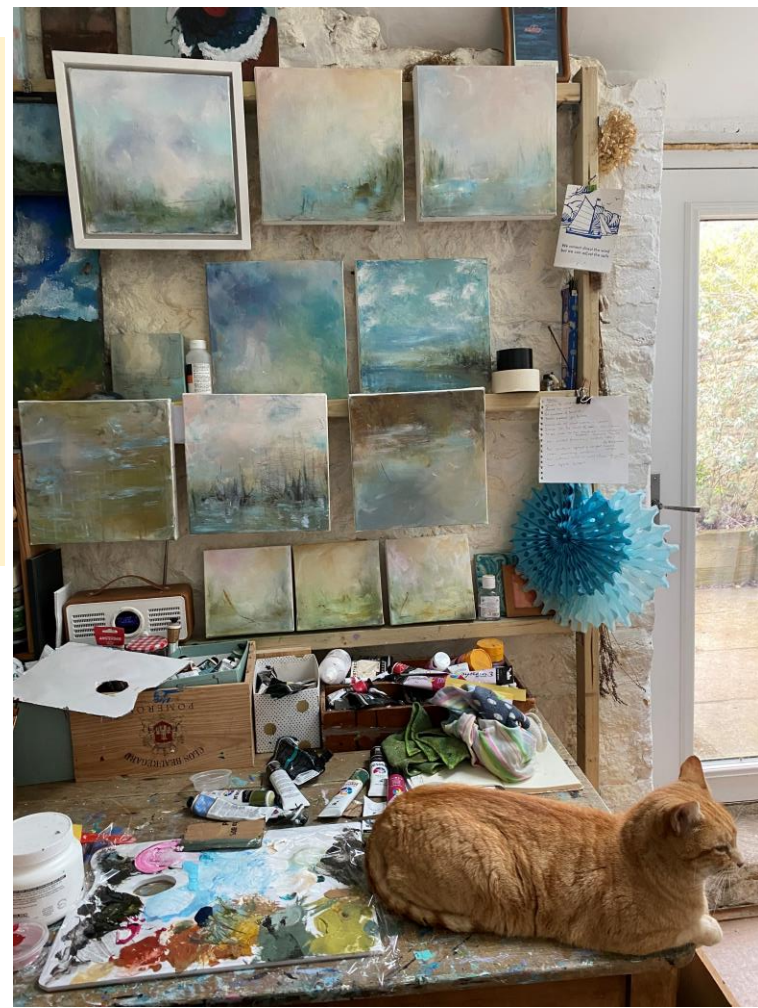

On the following pages you will find some of the paintings that I have been working on for the last two years.

So grab a cuppa (or a tipples of your choice) sit back and take a wander through what has kept me busy recently.....

My studio is a riot of colour and a hive of activity. I work on many pieces at once and so there are always pieces on the contemplation wall which I am living with to try to work out what they need!

Paintings stack up against the walls, waiting to have the final touches put on them – or to be painted over and lost forever!

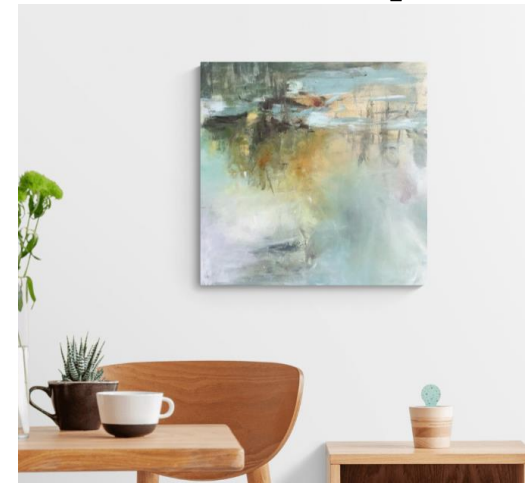

Do get in touch if you see something you like on the following pages – I am more than happy to give you more information on a piece and you are welcome to come and view works in person.

I appreciate that buying an artwork can be a big investment and a very personal choice so for a small deposit if you are local I often offer a 'try before you buy' system so you can view the artwork in your own home...I can organise a payment plan to spread the cost too if you like..... Just ask for more details!"
