# LVS Oxford is a specialist school, offering day places to young people with autism aged 11 - 16

With a structured educational environment and an approach that focuses on developing young people's independence and confidence, we equip students with the skills needed for academic success, employment and dealing with everyday life. Our students gain confidence, make meaningful progress and achieve their ambitions.

We are passionate about providing a positive and nurturing learning environment for young people with a diagnosis of autism. See our website for open days and the application process.
